EC Certificate of Conformity

Certificate No.: 0531 - CPD – 1317 – 0893

In compliance with 'Council Directive of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (89/106/EEC)' (the Construction Products Directive or CPD), as amended by Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

Kremsbarrier 2 RH2C for pile driving ground condition

Containment level:	H2
Normalized working width:	W5
Normalized vehicle intrusion:	VI 7
Impact severity:	A
Dynamic deflection:	1,5 m
Resistance to snow removal:	NPD

Placed on the marked by
voestalpine Straßensicherheit GmbH
Schmidhüttenstrasse 5
3500 Krems
Austria

And produced in the factory
voestalpine Straßensicherheit GmbH
Schmidhüttenstrasse 5
3500 Krems
Austria

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 0531 –TÜV SÜD SZA Österreich Technische Prüf - GmbH - has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in Annex ZA of the standard(s) or in the ETA (resp. in)

EN 1317-5:2007+A2:2012

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on **19.04.2013** and remains valid with test report number 22948/19/04/2013 as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified.

Modification 1: Handrail:

Approved on
10.10.2013

The VRS may be extended by a handrail. No additional drilling on the system must be performed. The functionality remains. The detailed function of the handrail is described in the technical report that is part of the modification report. The modification remains valid with the test report 21628_Rev01/10/10/2013.
